Date*

Saturday, April 22, 2017

8:30 a.m. - 3:00 p.m.

Crown Plaza Hotel in Mission Valley

Registration will be available in March

Keynote presenters:

William Mobley, MD, PhD, UC San Diego, Michael Rafii, MD PhD, UC San Diego and USC and Tom Montgomery, MD, consultant physician, San Diego Regional Center

More than 25,000 children and adults with intellectual disabilities live in San Diego and Imperial Counties. The purpose of the symposium is to educate members of this community, including their families and caregivers, about the evolving needs and challenges individuals with intellectual disabilities experience across the life span.

We will address the global concern of brain health: cognitive function, behavior, aging issues (including dementia and Alzheimer's disease), quality of life, and supportive therapies, services and resources.

Sponsored by:

Down Syndrome Association of Diego (DSA), in collaboration with Alzheimer's San Diego, Exceptional Family Resource Center and State Council on Developmental Disabilities
