

CALIFORNIA STATE ASSEMBLY

**YOU ARE INVITED TO ATTEND A
Select Committee on Intellectual and
Developmental Disabilities**

HEARING

At the

**SDGE Energy Innovation Center,
4760 Clairemont Mesa Blvd.,
San Diego, CA 92117**

Thursday, June 20, 2019

5:30 pm – 8:00 pm

For Information Call: 916-319-2011

The meeting is a listening session, and is free and open to the public. If you are a member of the I/DD community, this is your chance to talk directly to members of the Legislature about your needs, your experiences with the Regional Centers and anything else you think state lawmakers should know.

With the closure of the Developmental Centers and the state moving away from institutional living, it is imperative that the Legislature pay close attention to how Californians with I/DD are being served in their communities and by the state.

REGIONAL CENTER SURVEY

If you or a loved one is a client of one of California's 21 Regional Centers, here is your chance to tell us how they are doing. Please complete our survey at:
